

# Happy Spring!

Dear Families,

May 2019

Well, here we are, at the last month of the school year, but we're not done, yet! There are many things happening at Preschool in the next few weeks. Be sure to read the newsletter and calendars with care.

Ready? Here goes...

- **April 29-May 10 (or May 13)** - Celebrate with us, we have chicks in our classroom! Volunteer opportunities may still be available. Contact us if interested.
- **May 6** - It's time for a Preschool Family Potluck! This will be at 6:00pm in the Great Room (use the usual Preschool entrance), followed by lively fun with our colorful 24-ft parachute (weather-permitting) and the opportunity to visit the chicks. A separate flyer of information is coming home.
- **May 8, 9** - Our final Lunch Bunch days (until 12:45 pm). Be sure to tell Mrs. Kaiser if your child will be joining us.
- **May 10 or sooner** - Your child will be bringing home a special gift of love for Moms and Dads (since we're not in school for Father's Day). These projects began weeks ago, to be ready in time. We love you!
- **May 13** - We will be going to the Dodge Nature Center Farm. Permission slips and separate flyers with information came home in April.
- **May 15** - Our final Chapel Time with Stephanie Luedtke, St. Luke's Deacon.
- **May 15, 16** - Stuffed Animal Day - bring a plush friend for a day of fun!
- **May 20** - Open House for Stephanie Gustafson's Retirement, 5:30-7:30pm, in the Preschool Hallway.
- **May 23** - **Celebration Day Program at 10:00am. All children arrive at 9:15am.** We will be singing songs and playing the Hand Bells for you! Come early for a slideshow of photos from our year together. The program itself is about 30 min and is followed by treats in the Great Room. Watch for more information about this event and ways you can help.
- **May 24** - School is over for the year, so no class today. Have a great summer!

We will have multiple communications with you throughout the month of May. Watch for notes in your child's backpack and check your emails at least a couple times a week so you don't miss a thing!

For the Love of Children,  
Stephanie R. Gustafson
